Curriculum Vitae

Julio de Mello Bezerra, PhD

Personal Data

Country: Germany **City:** Regensburg
Phone: +49 176 48727782 **Date of birth:** 14th of September, 1996
Nationalities: Brazilian & Portuguese
E-mail address: mellojulio96@gmail.com

Languages

- **Portuguese:** Native.
- **English:** Fluent.
- **German:** Professional proficiency
- **Spanish:** Basic proficiency.
- **French:** Basic mathematical reading.

Education Timeline

- **April 2026** Defended title of Doktor der Naturwissenschaften (PhD in Mathematics) – *magna cum laude*, titled *Shintani cocycle decomposition of topological polylogarithms.*
- **October 2020 - April 2026** PhD student and member of the SFB "Higher Invariants" at Regensburg University.
- **August 2020** Completed Master studies at Regensburg University, jointly with Leiden University as part of the ALGANT Master Program.
- **September 2019** Enrolled as Master student at Regensburg University for the second year of the ALGANT program. Sponsored by Scholarship.
- **September 2018** Enrolled in the ALGANT Master Program at Leiden University.
- **January 2018 - March 2018** Approved in the graduate level summer course "Topics in Modular Forms and Elliptic Curves" at IMPA (National Institute of Pure and Applied Mathematics) as an external student.
- **January 2018** Graduated as a Bachelor in Pure Mathematics at Universidade Federal do Rio de Janeiro (Federal University of Rio de Janeiro).

- **2014** Enrolled in the undergraduate Mathematics course at Universidade Federal do Rio de Janeiro (Federal University of Rio de Janeiro).
- **2013** Completed high school at Colégio Prudente de Morais, Salto, SP, Brazil.

Teaching

- Taught "Analysis auf Mannigfaltigkeiten" Übung + Zentralübung (English: teaching assistant for lecture on Analysis on Manifolds) at the Regensburg University on the Summer Semester 2026.
- Taught "Analysis 3" Übung (English: teaching assistant for lecture on Analysis 3 - complex analysis and measure theory) at the Regensburg University on the Winter Semester 2025.
- Taught "Galois Representations and L-functions Seminar" at the Regensburg University on the Summer Semester 2025.
- Taught "Abelian Varieties Seminar" at the Regensburg University on the Winter Semester 2024.
- Taught "Modulformen Seminar" (English: Modular Forms Seminar) at the Regensburg University on the Summer Semester 2024.
- Taught "Zeta und L-funktionen Seminar" (English: Zeta and L-functions Seminar) at the Regensburg University on the Winter Semester 2023.
- Taught "Elliptische Kurven Seminar" (English: Elliptic Curves Seminar) and "Riemannsche Flächen" Übung + Zentralübung (English: teaching assistant for lecture on Riemannian Surfaces) at the Regensburg University on the Summer Semester 2023.
- Taught "Poitou-Tate Duality Seminar" at the Regensburg University on the Winter Semester 2022.
- Teaching assistant for Algebra I (sponsored by scholarship) at the Federal University of Rio de Janeiro from January 2015 - July 2015.

Publications

- J. de Mello Bezerra, "Shintani cocycle decomposition of topological polylogarithms," arXiv:2610.32363 (2026).

Honours and Events

- Presented "What is a Reciprocity Law?" at the Algant Alumni Network Symposium in St Jacut de La Mer, Bretagne, France on October 5th 2023.

- Presented " Cohomological approaches to rationality of L-values" at the Warwick Junior Number Theory Seminar in Warwick, England on November 14th 2022.
- Assisted in the organization of the workshop " Eisenstein series and equivariant cohomology" at the Regensburg University, which took place on July 5-7, 2021.
- Presented the project "The Weyl Group of E_6 and the 27 Lines in a Cubic Surface" in the annual fair (XXXIX Jornada Giulio Massarani de Iniciação Científica, Tecnológica, Artística e Cultural). Sponsored by PIBIC Scholarship - 2017.
- Presented the project "Primes of the form $x^2 + ny^2$ Part 2" in the annual fair (XXXVIII Jornada Giulio Massarani de Iniciação Científica, Tecnológica, Artística e Cultural). Sponsored by PIBIC Scholarship - 2016.
- Received honours for presenting the project "The Ring of Algebraic Integers of Quadratic Fields" in the annual fair (XXXVII Jornada Giulio Massarani de Iniciação Científica, Tecnológica, Artística e Cultural). Selected the Best Project in the Mathematics Institute. Sponsored by PIBIC Scholarship - 2015.
- Placed 30th out of 9531 (Silver Medal) in the Brazilian Computer Science Olympics (Olimpíada Brasileira de Informática) - 2010.

Regensburg, November 4, 2026
